The FOR Club continued to thrive at Fermi this year. The club was created as a result of Rachel's Challenge. It is made up of students who want to improve the school by committing acts of kindness and compassion throughout the school year.

The Friends Of Rachel Club has taught us the importance of genuine kindness. It has taught us that kindness doesn't only make others feel good, but it makes us feel good too.

Mr. Paul Newton,  
Principal

Dear Class of 2014:

They say that, "time flies when you are having fun". If that is the case then our four years together must have been an incredibly fun time because it seems like only yesterday that I was standing in front of you, on an extremely hot August afternoon, welcoming you to Enrico Fermi High School. Moreover, I cannot believe that it is now time to say good-bye. Do you remember the first time that we met during Freshman Orientation and/or later at the class assembly during the first week of school? As I looked around the auditorium on each of these occasions, I saw such a wide scope of expressions on your faces. Some of you looked confused, some of you looked bored, some were all smiles and pretended to be "all settled in", still others wore the look of anticipation about what you might encounter over your next four years at Fermi. If I am going to be completely honest, I admit that I was nervous to meet you. This was my only chance to make a good first impression on you and I didn't want to mess up. I knew that I wanted to be able to get to know each of you and I remember asking you to allow the adults at Fermi to develop a relationship with you over the next 4 years. Now, as I look back I am so thankful that so many of you have taken advantage of that invitation. You have no idea how much I have enjoyed the many different types of relationships that I have developed with so many of you in the Class of 2014. I know that our teachers and staff members share those same feelings as a result of the relationships that you have allowed them to create with you. Your class has made many significant contributions to the climate and culture of our school. Many of you have joined the Friends of Rachel Club and taken it upon yourselves to perform acts of kindness for many residents in our Enfield Community. Other members of the Class of 2014 have thrilled us with talented performances in academics, theatre, arts, and sports. At orientation I told you that this was your opportunity to create your own legacy. Your legacy is one that we will remember for years to come. It is full of pride, spirit, and accomplishment.

Now that it is time for you to leave us, we hope that you will be able to reflect upon your four years and remember all of the good times that you've enjoyed at Fermi. As you prepare to leave it is my most sincere wish that you will always remain a part of our Enrico Fermi High School family. I wish the very best to each and every one of you.

Sincerely,

Paul K. Newton  
Principal

### Assistant Principals

Mr. John Coccia  
Ms. Marilyn Cressotti  
Dr. Yvette Santiesteban

Dear Class Of 2014,

"This above all: to thine own self be true..." (William Shakespeare, Hamlet)

Centuries later, this is the best advice I can share with you. Being true to yourself is not an easy task as it means many things: standing up for the things you believe in, radically changing your life's path, admitting when you are wrong, and not following along with someone else when you know it is not the right thing to do. I can guarantee that you will never regret any decision you make in life if you are true to yourself.

It is such an honor to have been asked to write this letter. This is an exciting time in your lives – the end of your childhood and your entry into young adulthood. With all of these new changes comes responsibility and decisions. I believe that you have learned how to handle these changes during your years at Fermi. I know that you are each very special and have the strength to fulfill the role of young adults in today's society. To be sure, this will be a scary adventure but you each have the strength to be successful.

It is my wish for you that you will remember to be true to yourself throughout this daring adventure we call life. Set your goals and follow through to reach those goals and your dreams because I know you have the ability to be all that you wish for yourselves.

I am proud of each and every one of you for all that you have accomplished during your years at Fermi. Go forward in your life and do great things – and be sure to let us know about each and every one.

With only best wishes for you all,

Ms. Marilyn Cressotti

*Dear Class of 2014,*

Over the years, we have been faced with obstacles and choices that would either help or hurt us. We have learned that our decisions are the reasons why we have grown and developed into who we are now. We have learned how to express ourselves, and work with others to benefit ourselves and others. At times we overlook who and what a leader is. A leader is one that is able to take an idea and motivate others. As leaders, we have accomplished so much up until now, but this point is just the beginning. It is our

job as individuals to take these skills and apply them in our lives as we move into the future. Remember it is very important to lend a hand. By doing so, you help create a better place in which to live. As we venture out into the world, always remember that you never really know where you are going, until you know where you have been. Congratulations Class of 2014, we did it!  
Best Wishes, Sheena Ware '11-'14

*Dear Class of 2014,*

Surprised? So am I! Apparently the Vice President gets to write a letter to the class too. But what can I really, honestly say to you? I have no advice to give, no grand perspective on life to share, no clichéd speeches about how this is not really an end, but a beginning. I want to give you something genuine and meaningful, something that will make you smile and make you feel fulfilled, but I'm

not a philosopher or a poet. All I am is an observer, someone who has been a class officer since day one and who has seen a group of immature, uncooperative middle school students change into the high school senior class that amazed me at Pep Rally with how united we can be, though the maturity may still be in question (there would be a smile emoticon here to indicate that I am just joking, but that seems unprofessional). We have only had a couple of years together as a class, and I hope that I have done everything in my power to make sure that they were the best they could be because you deserve it. Congratulations Class of 2014. I am so proud to be your vice president.

# Out of the Darkness

Why We Walk:

We Walk to Raise Money

We Walk in Memory of Loved Ones

We Walk to Raise Awareness

We Walk to Save Lives

In October, Fermi students, led by Ms. Piela, completed the Out of Darkness Walk. Their goal was to raise money to fund research and education programs to prevent suicide and save people's lives.

In loving memory of  
the friends we've lost.

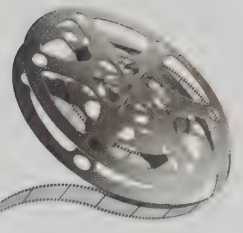

The walk also aimed to raise awareness about the effects of depression and suicide and to comfort those who have lost a loved one to this fight.

★ About 1 in 8 U.S. women will develop invasive breast cancer over the course of her lifetime. In October, Fermi students pulled together to raise awareness and fight for a cure.

# Breast Cancer Awareness

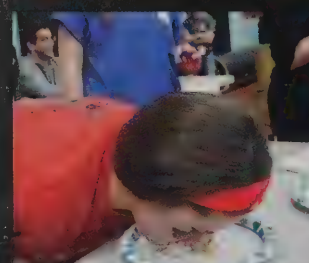

★ The Fermi Cheerleaders cheered on breast cancer survivors, as they crossed the finish line at the Making Strides Walk in Hartford. When asked about the event, they said it was a powerful experience.

★ One of the walks students participated in was the Rays of Hope Walk in Springfield, MA. By walking, the students raised funding for diagnostic equipment, breast health programs, and research for a cure. They also walked to support those currently afflicted with breast cancer and breast cancer survivors.

# Show Some Class Pride!

On November 27th, 2013, the freshmen, sophomore, junior, and senior classes battled in the gym to crown the winning class with the most energy and school pride.

Since the juniors had dominated the powderpuff game, the seniors certainly felt that they had something to prove. They did just that when they claimed victory by winning with the highest score.

With the loud whooping, encouraging chants, pumping fists, and seas of bright colors, the pep rally before Thanksgiving break was a huge success.

## Co-ed Cheerleading

Cheerleading is over 100 years old.

We went to NYC  
for the Macy's Thanksgiving  
Day Parade.

We cheered at the  
Capital One Bowl in  
Florida.

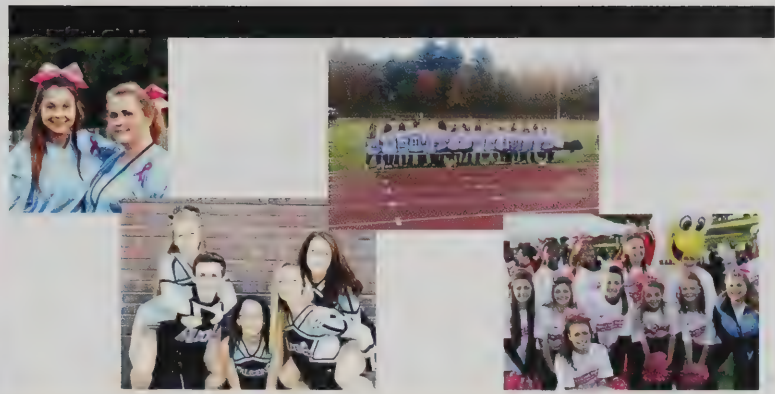

We befriended  
other teams.

Our year at a glance...

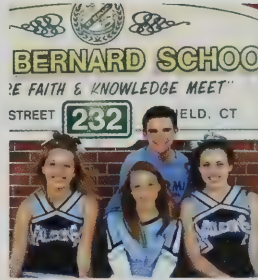

Strong people do not put others down.  
They lift them up.

★ One thing that cheerleading has taught you about life?  
"Dedication is the most important thing to maintain when going after your goals." -Taylor Coulet

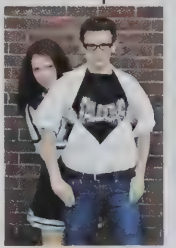

★ One thing you want your team to remember after you graduate?  
"That I'm perfect. Just kidding. I might seem rude, but I would do anything for you guys. You are my family. Stay dedicated, and you can do anything."  
-Andy Neild

Over the years, Fermi cheer has become my family. We have grown together, learned together, and accomplished amazing things together. I am so proud of each and every member of this team. I have not only enjoyed watching them improve on their skills over this season, but I have enjoyed watching their friendships and their love for the sport blossom into something beautiful. I love them more than words can describe, and my heart breaks at the thought of leaving them next year. I especially want to thank my co-captains for being such caring and helpful people, and our coaches, Dennis and Lynn, for providing each and every one of us a home away from home.

## Message from the Captains

Although our record doesn't show a perfect season, we've improved a lot over the past year. It wasn't easy coming into the new season without a coach, but we were able to grow as a team and learn from each other like a team's supposed to. As captains this year, we wanted to bring the girls together and build relationships we needed for a team to succeed, and we believe that's what we did. We'd like to thank all of the girls for being a part of this team and making it a great last year for us captains. We wish you girls the best of luck next year and your upcoming seasons.

### Message from the Captains

Hey ladies! I cannot tell you how proud I am of our improvement as a team this year. Our record has improved greatly because of the dedication you put into this team. This year was a lot of fun; with warm-up tag, bus sing-alongs, Wendy's trips, T-shirt dye experiments, and pasta parties, we became a family. I am so honored to be captain of such a great group of girls. Thank you for such a great season.

### A Message from the Captains

Over the last four years, we have had a chance to play with some amazing girls and volleyball players. Even though everyone may not know each other or be friends outside of the gym, we have become almost like a family on that court. This year though, the girls on the team were some of the funniest, kindest, and most genuine people we know. We have been so lucky to play with and work with all of you everyday during the season. Even though we were the captains of the team, we learned just as much from you guys as you did from us. You definitely taught us how to become better leaders, and hopefully we taught you what it meant to be part of a team. A team that not only worked together towards a common goal, but also one that grew closer together in the process. Each and every one of you was an asset to our team in one way or another, and we hope you guys had as much fun as we did. Always remember that what we do, we do as a team; the outcome of every practice and every game is a result of what we do as a whole because the better we work together, the better the outcome will be. Always try to have fun, but get work done at the same time. This Fermi girls volleyball program is one of the best things that has happened to us, and we hope that you feel the same way. We will miss every single one of you, and we wish you the best of luck in the years to come.

-Sam Delconte and Mackenzie Vermette

#### ★ Killing a spike?

-Jimmy C and Alex S.

Best game?

Probably our last game versus Tolland. It was a hard fought game, we really came together as a team, and we almost got the win.

-Jimmy C and Alex S.

Only American football causes more injuries than basketball.

Growth since first year?

Our confidence has grown since freshman year, and we've also grown as leaders.

-Jimmy C and Alex S.

### Message from the Captains

Even though the season didn't go the way we wanted it to, we're proud of how you guys improved as the season went on. If you keep working hard next year, hopefully, you can get some wins. Thanks for making our senior year memorable.

Your Captains,  
Jimmy and Al

Moment that defines the season?  
Our game against Plainville on senior night because we've been working towards that night since our freshman year, and we almost won.

### Message from the Captains

Team,

Thank you for giving us such an amazing last year of basketball! We're glad that none of you ever gave up during any of the games. Everyone always put forth their best effort, and we can't thank you enough for that! All the tough times we've been through together have only made it that much easier for us to become so close. We've had so many great times that we'll always cherish. Thank you for all you guys have done for us. We love you and will miss you dearly next year!

## Indoor Track

The shortest sprint in indoor track, 50 meters, is only half as long as the shortest sprint in outdoor track, 100 meters.

Favorite race/event and why?  
The hurdles because it's like flying and running at the same time. You feel invincible.  
-Taylor Culver

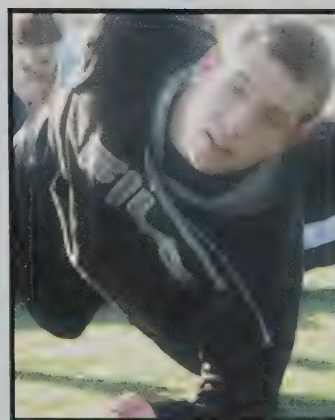

Favorite track and field athlete and why?  
Probably Ashton Eaton because of the intensity and will to win that he shows on the track.  
-Tyler Burk

Funniest thing your coach has ever said to you?  
Me: Coach, what time are we going home?  
Coach: No  
-Robbie Wells

As opposed to outdoor track, there are no discus or javelin events in indoor track.

Practice Hard. Play Even Harder.

Indoor track vs. outdoor track?  
On the indoor team, we're packed into this gym filled with mostly strangers. We get along quite well for the most part. We really become one - one huge family that helps you through your problems and also helps you become a better athlete. ## Wrestling

### A Message from the Captains...

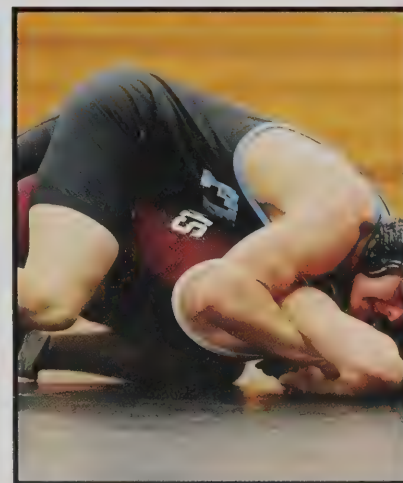

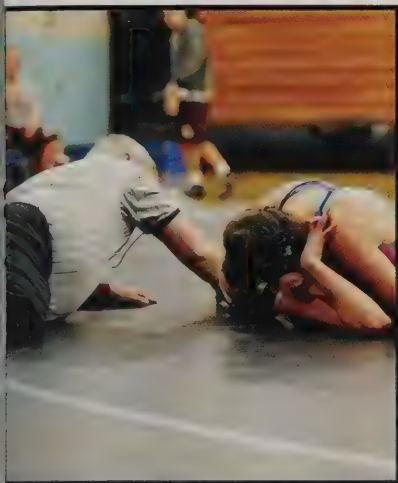

This year we had twenty young, up and coming members of the Fermi wrestling team. We had great performances from seniors who had plenty of upsets in matches that were won by pure hard work. The spaces left by Alex, Tristan, and Brandon will be hard to fill next year. During the 2013-2014 season we had ups and downs, but the team undoubtedly emerged leaps and bounds above where we started. We would both like to thank the wrestlers, managers, coaches, and parents who dedicated three months of their year to our team. Next year will be a defining year in our program where Fermi wrestling chooses whether to make its comeback or not. We have the numbers, heart, and talent to sweep the conference if our underclassmen stay dedicated. We hope to come back next year and see everyone working hard and building Fermi's reputation as the best wrestling program around. We feel comfortable leaving the team in the hands of our underclassmen in their pursuit of putting

Fermi on top of the podium.

- Matt D, Chase D, and Kevin L

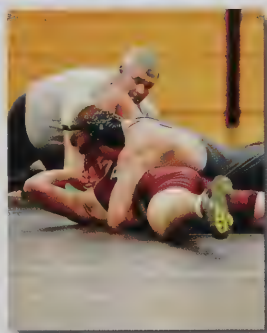

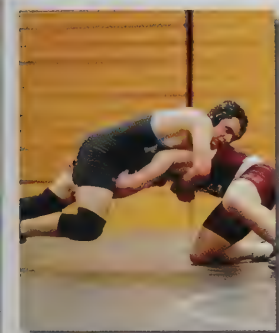

Since 1995, the number of women wrestlers in high school rose from 804 to 8727.

# Thank You!

*A Special Thank You to:*

*Our extraordinary yearbook staff:*

Brenna Kennedy, Brooke Ellis, Caraline Cartrell, Carolyn Polis, and Jacob Pizzuto

*Our awesome advisors:*

Mrs. Joeckel and Mrs. O'Rourke

*The very helpful office secretaries:*

Ms. Daddario and Ms. Macintosh

*Gary Rome:*

for generously donating a car every year to one of Enfield's senior class.

*Grynn and Barrett:*

for providing us with all our superlative, club, and sports photographs. All of our sports teams for providing us with interviews and captains letters. All of the students who provided us with ideas and photographs for the yearbook.

*Kevin Myjak, our Lostens Representative:*

for helping us bring all of our ideas to life, answering our emails every morning, and being a great source of knowledge.

# A Letter From the Editors

The overarching theme for this yearbook is the various forms of entertainment, including cinema, photography, and media. We thought this was an extremely fitting way to showcase our high school journey, just like entertainments used as a way of telling people's stories. Going along with this, our goal this year was to have a more informative, interactive yearbook. Hopefully, when you look back on it many years from now, you'll get a taste of what life was like back then, just like watching a movie or looking at a Polaroid. It's been a long and stressful process, between trying to keep ourselves organized, keeping you guys informed of what's happening, and trying to meet our deadlines. We'll admit that we had a slow start, but once we got started, we maintained our pace and never looked back. We're very proud of the work we've produced, and we hope you are too. We couldn't have done this without the help of our wonderful committee. It's been an honor serving as your editors, and we wish you all the best of luck in your future endeavors. We know that you'll do great things, and remember to keep the Fermi spirit alive in all that you do!

Sincerely Your Editors,
